PROFESSIONAL SUMMARY

Software Engineer with 6+ years of IT industry experience in designing, developing, and deploying scalable applications. Strong expertise in **Java, Spring Boot, Microservices**, and **REST APIs**. Skilled in cloud services, CI/CD pipelines, and SQL/NoSQL databases. Passionate about writing clean, efficient code and solving complex problems.

SKILLS

- **Programming Languages:** Java 8/11/17, JavaScript, SQL
 - **Frameworks:** Spring Boot, Spring MVC, Spring Security, Hibernate/JPA
 - **Architecture:** Microservices, REST API Design
 - **Databases:** MySQL, PostgreSQL, MongoDB
 - **Cloud & DevOps:** AWS (EC2, S3, Lambda), Docker, Jenkins, Git
 - **Tools:** IntelliJ, Maven, Postman, JUnit, Swagger
 - **Other:** Agile/Scrum, Design Patterns, OOP
-

PROFESSIONAL EXPERIENCE

Senior Software Engineer — ABC Technologies, Bangalore

June 2021 – Present

- Developed and maintained microservices using **Java, Spring Boot, Spring Security, and Hibernate**.
- Designed REST APIs used by high-traffic applications serving over **1M users**.
- Implemented caching using Redis to improve performance by 30%.
- Integrated applications with AWS services (S3, SNS, EC2).

- Mentored junior developers and conducted code reviews.
 - Worked closely with product teams in Agile environment.
-

Software Engineer — TechWave Solutions, Pune

July 2019 – May 2021

- Built backend components for enterprise applications using **Spring Boot & JPA**.
 - Improved database performance by optimizing queries and indexing.
 - Automated deployment pipelines using Jenkins + Docker.
 - Collaborated with frontend teams for smooth integration using Swagger documentation.
 - Participated in requirement analysis and sprint planning.
-

Junior Java Developer — SoftCraft IT, Indore

June 2017 – June 2019

- Developed features for internal ERP systems using **Java, Spring MVC, and MySQL**.
 - Wrote unit tests using JUnit, increasing overall code coverage by 25%.
 - Fixed bugs and improved stability of legacy systems.
 - Assisted in migration of modules from monolithic to microservices architecture.
-

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science

RGPV University, Bhopal — **2013–2017**

CERTIFICATIONS

- **Oracle Certified Professional: Java SE 8 Programmer**
 - **AWS Certified Developer – Associate**
 - **Spring Professional Certification (VMware)**
-

PROJECTS

Customer Management Microservice

- Built microservice using Spring Boot + PostgreSQL.
- Implemented JWT-based authentication with Spring Security.
- Exposed REST endpoints and documented using Swagger.

Payment Processing System

- Created modular service to manage payment workflows.
- Integrated Kafka for event-driven processing.

HOBBIES

- Coding personal projects
- Reading tech blogs
- Playing cricket
- Traveling and photography
